

# Extra-Curricular Parental Transportation Agreement

Those sports with less than 5 participants will be required to seek their own transportation to and from Ridgway athletic practices/events. There will be an Activity Bus that will run daily, and students are encouraged to use it. If this schedule does not fit with a particular activity, parental transportation may be required. Please fill out the bottom portion of this form to allow adults, other than parents/guardians, to transport your child.
